

## MEMORANDUM

To: Parties to PSB Docket No. 7466  
EEU E-mail Service List

From: Susan M. Hudson, Clerk of the Board

Re: Schedule for Demand Resources Plan Proceeding for 2012-2022

Date: January 15, 2010

---

At the December 18, 2009, status conference in Docket 7466 (the Board's investigation into the Energy Efficiency Utility structure), the Vermont Department of Public Service ("DPS") presented a proposed schedule for the Demand Resources Plan proceeding for 2012-2022.<sup>1</sup> In proposing this schedule, the DPS noted that the Demand Resources Plan proceeding is related to the transition to the new Energy Efficiency Utility structure. The parties to Docket 7466 discussed the proposed schedule at the status conference, and no party objected to it.

The Demand Resource Plan proceeding will take place outside Docket 7466; therefore, the Hearing Officer does not have the authority to rule on the parties' proposed schedule. Instead, she informed the Public Service Board ("Board") so it could consider the proposed schedule.

The Board has asked me to inform you that it intends to follow the schedule proposed by the DPS, to the extent possible. Therefore, the schedule for the 2012-2022 Demand Resources Plan proceeding will be:

August 2010	DPS Energy Efficiency Potential Study to be completed
August 2010	Board to initiate Demand Resource Plan proceeding
May 2011	Target Date for Board Order setting goals, budgets, and performance indicators

---

<sup>1</sup>The DPS presented the proposed schedule for the Demand Resources Plan proceeding in conjunction with a proposed schedule for Phase 2 of Docket 7466. The Hearing Officer adopted the proposed schedule for Phase 2 in her January 5, 2010, Order.
